

Promontory Heights Elementary Community School Playground Fundraising Drive

Dear Parents/Guardians and Community Members,

Promontory is a growing community and this playground will provide a much needed play area for children, youth and adults who live and visit the area . Promontory Elementary is committed to providing an innovative and accessible playground for our students and community. Our school is built on a hill and there is little level play area for our students. The play area is often muddy and the hillside is slippery. Daily phone calls home asking for a change of clothes after a child has slipped in the mud, is common. We want to change that and have exciting plans to build a hillside playground.

We have already received a Grant for just over \$16 000.00 and the City of Chilliwack has agreed to contribute \$80 000.00. Our goal is to raise an additional \$100 000.00. The playground will benefit 600 students at Promontory Elementary School and all the children/youth/adults who live or visit in the Promontory area and will use it throughout year. Those with wheelchairs and mobility issues will also have better access to our new playground and we hope to provide something for everyone.

The base of the playground will be made with Pour in Place recycled rubber. It is safe, durable, easily repairable and will allow those with wheelchairs and other mobility issues, to still be able to access the playground. We anticipate a slide, rope ladders, hand pulls and more. We are still working with Habitat Systems for designs but envision a playground similar to Queenston Park in Coquitlam area.

<https://www.playlsi.com/en/commercial-playground-equipment/playgrounds/queenston-park/>

This is a huge project for just our school and we are seeking donations, grants and support from our school community, the larger community and businesses and clubs. It will be a win for not just our school but for the entire Promontory Community. All donations \$25.00 or over will be entitled to a tax receipt. Please feel free to ask your friends and neighbours to support our playground fund too.

We plan to thank and recognize our contributors on our website and in our newsletters. A letter of recognition will also be supplied to display in your business or at your club.

Please consider making a contribution and get ready to come up and play. Thank you in advance.

Warm Regards,

Taryn Dixon
Principal, Promontory Heights

Promontory Playground Fundraiser Drive

Please Note- This form must be filled out and accompany your donation

PAYMENT OPTIONS

Cash or Cheque (Made payable to: School District #33) to be handed into Promontory Elementary office
