Mission:

As a teacher-librarian, I want to supply families with great reading resources that students can use at home for free during the COVID-19 pandemic. This guide is a collection of virtual links that will take you directly to websites with free ebooks. Please note that some resource require an account, which is free!

-Mr. Mueller

LETS KEEP READING PANTHERS!

Literacy at Home:

Make sure your family has a daily reading plan. Below I have listed different ways to explore reading at home:

- Read independently every day for at least 15 minutes per day. The more the better.
- Read together as a family and taking turns reading.
- Read a book to a younger sibling.
- Listen to a book read aloud.
- Watch a read aloud video online.
- Have a book talk! It's a great way to build understanding.
- Read a book, and watch the movie after.

Leveled E-Readers

3 great websites that can help students reading skills.

- [Rivet!](#)
- [Oxford Owl](#)
- [Starfall](#)
