

# WINTER BREAK

December 22 - January 7, 2024

Principal - Kim Kass  
Vice Principal - Justin Moore  
P: 604-824-4885

## Food Drive

Our entire school community really came through with plenty of non-perishable food donations for the Chilliwack Salvation Army's Food Bank. As a school, we collected over 1370 food items!  
Thank you to everyone for your generosity!

## CSOPA- Descendants - Jan 11, 2024

Grades 1-5 will be traveling to the Cultural Center to watch the CSOPA production of Descendants. With the field trip occurring the first week after the break we are asking families to please sign & send in your child's permission form along with payment (\$10) asap. Payment is also available online at [SD33 QuickPay](#). Students will need a water bottle and bagged lunch.

# Principal's Message

December is a wonderful time for being with family and sharing in the spirit of giving. We hope this month has been bringing families many moments of joy. Students have a lot to feel proud about as they wrap up a successful first term and start digging into the second term of learning which is sure to bring more growth as students dig deeper into their studies.

The past few weeks has been filled with many highlights: Intermediate and Kindergarten Christmas Presentations, the Book Fair, many wonderful art displays adorning the hallway bulletin boards and classroom doors, school wide read aloud of the Christmas Orange, the growing Food Bank Train, performances by the school Choir, a visit by a special person in a red suit, and the whole school holiday sing-a-long.

The Promontory staff wish you and your loved ones a wonderful holiday season and shared joy. May you enjoy a winter break filled with much happiness, good health, and memorable moments!

We look forward to seeing you all when classes resume Monday - January 8, 2024.

~Ms. Kass

# WINTER BREAK

December 22 - January 7, 2024

Principal - Kim Kass  
Vice Principal - Justin Moore  
P: 604-824-4885

## Parking Lot

Thank you for working together with us to help keep the traffic flowing through our very busy parking lot. We know it can be sometimes frustrating having to wait to gain access into the parking lot, the drop off/pick up zone or securing a parking spot in the very limited availability for family parking. We truly appreciate everyone's patience, understanding and support with respecting the parking lot etiquette and expectations.

## Winter Weather

A reminder to dress for the outside weather. Students will go outside for play periods as often as possible. With cooler and wetter weather now upon us, students are encouraged to wear waterproof outdoor clothing such as boots and jackets with hats. Slips and falls do happen from time to time, families are encouraged to include a change of clothe in their child's backpack.

## Community Partnerships

We are very fortunate to live a community where service, kindness and lending a hand up is at the forefront of so many businesses. We would like to send a special thank you to Sport Chek for partnering with the school to provide several pairs of running shoes at significant discount. Our Breakfast Program and Starfish Backpack Hampers benefit from the weekly bread and baking from Anita's Kitchen which are very much enjoyed by students and families! As well, Art of Driving School, have provided several Winter Coats and Socks to the school for distribution. Thank you!!! We appreciate your time, generosity and care for families in our community. Community partnerships like this are invaluable and truly make a difference!

# Upcoming Dates
